

**December 22<sup>nd</sup> , 2023**

**New learning, some old and some new friends.**

**Millions of memories, thousands of jokes, and tons of laughter in one classroom.**

**Joyful experiences of today will become cherished memories for tomorrow.**

**Independent minds, empathetic souls, helping hands .... our students!**

# MERRY CHRISTMAS@SFIS

Summer Fields International

'Tis the season to be jolly, and our school corridors were ringing with the joyous laughter and festive spirit of the holiday season! As we approach the much-anticipated Christmas break, we wanted to share some of the merry moments and festive fun that have filled our school in December.

# MERRY CHRISTMAS@SFIS

Summer Fields International

# EARLY YEARS-1

The Learners of EY 1  
learning counting with fun  
They matched the  
dominoes with the correct  
numbers.

# EARLY YEARS-1

Summer Fields International

The learners of EY 1 basking under the sun and enjoyed their reading session.

The learners of EY 1 made circles by tracing them. It helps them to learn the way of constructing geometrical shapes in the early years.

# STAGE- 1

Learners of Stage 1 learnt about healthy and junk food as a part of their science project. They segregated the foods and discussed the effects of eating both kinds of food.

# STAGE- 1

Rhymes helps the child to brain segment the words into syllables, hear similarities between words that rhyme or start with the same sound, also it helps in the speech development. Stage 1 learners had "Rhyme time" where everyone went on the stage and sang their favorite rhyme.

चरण 1 के शिक्षार्थियों ने केपीएल किट की मदद से तीन अक्षर और दो अक्षर के शब्द बनाए और अपनी शब्दावली बढ़ाई

# STAGE- 1

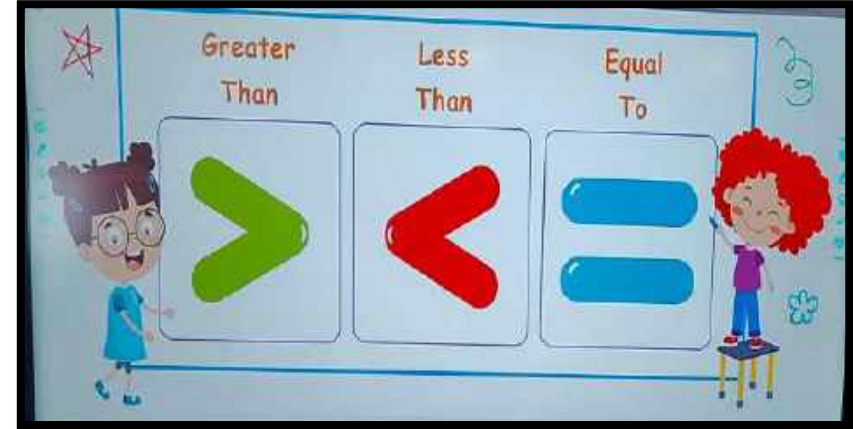

Stage 1 learners learnt how planets revolve around the sun and the characteristic feature of each planet along with the colors.

कक्षा - ८ के छात्र ने कहानी के विभिन्न प्रकार के कौशल और अवधारणाएँ सीखी, जो प्रभावी कहानीकारों के रूप में उनके विकास में योगदान करते हैं। आत्म-मूल्यांकन के साथ सशक्त बनाते हुए, उनकी भाषा कौशल को प्रतिबिंबित करते हुए उत्साहपूर्वक समझते हुए, यह आकर्षक अभ्यास उपलब्धि और भाषाई निपुणता की भावना को बढ़ावा देता है।

**Stage 1** learners actively participated in activities aimed at comprehending the concept of comparing numbers. The class delved into an Alligator story and inspired by the narrative, learners created alligator teeth signs for comparing numbers to determine whether they are greater than ( $>$ ), less than ( $<$ ) or equal to ( $=$ ) each other.

**Stage 3** learners delved into the concepts of addition and subtraction, with a specific emphasis on regrouping and reordering principles. In addition, the strategy of regrouping is termed "carrying" in addition and "borrowing" in subtraction. The rationale behind regrouping lies in the fundamental principles of place value.

**Stage 4** learners delved into the process of conducting surveys to collect data and then translated this information into a practical tally chart.

# MATHEMATICS

Summer Fields International

In stage 7, students learned how to use a measuring tape to measure things in both inches and centimetres. They practiced measuring different items, like slides and objects on the ground.

Stage – 3 learners were engaged in watching and learning about the life cycle of a butterfly. They were in awe witnessing the changes that occur when a caterpillar turns into a pupa and eventually in a butterfly.

Stage – 6 learners were engaged in watching a Sci-fi movie on the significance of plants. This was followed by a discussion on how the lack of plants would literally destroy Earth and the life of the organisms living on it.

Stage 3 Learners practiced MS Word formatting tools, honing their skills to create polished and professional documents for completing journal work. Mastering these tools empowered them with the versatility needed for effective and visually appealing written communication, from precise text alignment to stylish font choices.

Learners of Stage 8 practiced forming HTML tags and their elements. They demonstrated their understanding by creating basic web pages and manipulating the structure using tags. Additionally, they explored the attributes associated with HTML elements, enhancing their proficiency in web development.

Embracing the winter sunshine, our dedicated learners gathered outdoors for a unique reading session. With books in hand and smiles on their faces, they soaked up the warmth while delving into captivating stories. This refreshing initiative promotes a love for learning, fostering a joyful and engaging educational environment.

Empowering our students with self-assessment, Stage 8 took on an adverb quiz, reflecting on their language prowess. Enthusiastically navigating the intricacies of adverbs, this engaging exercise fosters a sense of accomplishment and linguistic mastery. Kudos to our learners for embracing the journey of self-discovery through education!

Exploring the culinary arts with a linguistic twist, Stage 4 embarked on a flavourful journey, crafting recipes using diverse parts of speech. Stirring creativity with nouns, verbs, and adjectives, they concocted delicious prose. This unique blend of language and gastronomy showcases the delightful synergy of education at our school.

Learners were diligently preparing for the sports day. They practiced hoop race, bean bag race, 100-meter race, and wheel-barrow race.

# RANGMANCH TRIP

Summer Fields International

**SFIS** embarked on an exhilarating excursion to **Rangmanch Farms**, where learners from Stages 2, 3, 4, and 5 enthusiastically took part in a variety of activities. Every moment of the trip was a source of joy as they explored the farm, experiencing a magic show, pottery, puppet show, folk dance, obstacle courses, camel rides, tractor adventures, and numerous other engaging activities. The atmosphere echoed with laughter and joy, creating enduring memories for all.

# RANGMANCH TRIP

Summer Fields International

# RANTHAMBORE TRIP

Summer Fields International

The learners embarked on an enriching journey that took them to Fatehpur Sikri, where they immersed themselves in the historical marvels of Mughal architecture. The trip also included a captivating puppet show, showcasing the traditional artistry and cultural heritage of the region. Keoladeo National Park offered a delightful experience with its diverse flora and fauna, and they were particularly enthralled by the sight of many migrated birds in Keoladeo, marveling at the vibrant avian species that had made the park their temporary home. Following the nature exploration, the learners engaged in a mesmerizing session of star gazing under the clear night sky, creating lasting memories of celestial wonders after their visit to Keoladeo National Park. The adventure continued with an exciting jungle safari in Ranthambore, where they observed the fascinating wildlife in its natural habitat. The day concluded with a visit to the Rajiv Gandhi Science Museum, deepening their understanding of various scientific concepts and discoveries.

# ENRICHMENT

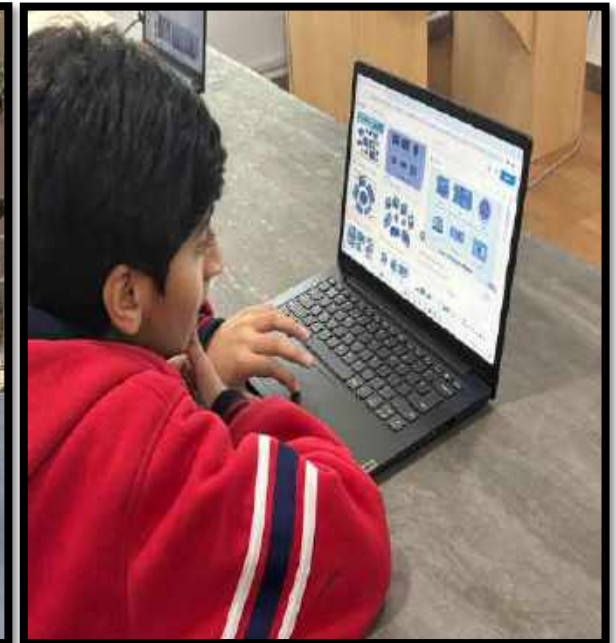

Summer Fields International

**Taekwon-do:** Learners were preparing for sports drill, and regular practice for belt exam, which will help them to advance to the next level.

Skating- learners practiced balance control and smooth movements.

**Robotics:** Learners were engaged in learning about micro-processors.

# INTER-HOUSE COMPETITION-SPELLDOWN

Summer Fields International

Spelldown, inter-house spelling competition, unfolded dynamically across stages 2 to 8. This spirited event brought together participants from various stages, fostering a sense of camaraderie and healthy competition. The vibrant clash of intellect and teamwork made Spelldown an engaging and memorable experience for all involved.
